

New Fee Proposal: Cost for Exclusive Use of the Bowling Green Training and Community Center (TACC)

An additional fee is being proposed for outside events wanting to use the TACC that require (due to security reasons) that the whole building be shut down to daily open use. This additional fee of \$750 would be in addition to the rental fees already established (gym, classrooms, floor covering, etc.) and must be paid in advance. This fee is to cover the lost opportunity cost from daily admission fees and class fees.
