

**POSITION TITLE:** CITY ENGINEER  
**DEPARTMENT:** PUBLIC WORKS  
**DIVISION:** ENGINEERING

**CITY OF  
BOWLING GREEN**

### REPORTING RELATIONSHIPS

Director, Public Works

**POSITION REPORTS TO**

**DIRECT REPORTS BY TITLE:** Civil Engineer; Surveyor; Project Inspectors (2);  
Engineering Technician (1)

**DIRECT:** 5      **INDIRECT:** 1

### POSITION FUNCTION

This position is responsible for supervising activities of the Engineering Division staff as well as planning, design, review and project management of infrastructure improvements including paving, sidewalks, storm water management, waterline and sanitary sewers.

### JOB RESPONSIBILITIES

Prepare contract documents (detailed engineering plans, specifications, cost estimates) for City projects involving waterlines, sanitary sewers, storm sewers, detention ponds, transportation, pavement, sidewalks and other improvement projects. Perform Project Management duties and oversee projects from start to finish. Prepare cost estimates. Review bids and prepare bid tabs. Respond to contractor questions and comments. Prepare pay applications for City projects under contract. Review and recommend change orders. Assist Project Inspectors to solve complex field problems during construction. Deliver City infrastructure projects on schedule and within budget. Work with consultants on outsourced infrastructure projects. Supervises project inspection.

Utilize ODOT standards and specifications for transportation and pavement projects. Assist in managing annual paving program to review, evaluate, and recommend streets for pavement replacement. Prepare cost estimates for contracting and short and long range budgetary purposes. Design flexible and rigid pavements. Review and provide comments on Traffic Impact Studies. Attend Access Management Review Committee meetings. Experience in traffic design and modeling software preferred.

Assist, as needed, with Ohio EPA Phase II Storm Water Management Plan. Assist city-wide GIS needs, as required. Experience in GIS preferred. Assist other City Departments, as needed.

Review and approve construction documents and specifications for private construction projects involving infrastructure and other public improvement projects. Review and approve design calculations for sanitary sewer, storm drainage, storm detention/retention ponds, and water quality ponds.

Effectively communicate with citizens, contractors, administration, and staff. Respond to citizen complaints and requests. Work with other governmental agencies; Ohio EPA, Wood County Engineer, BGSU, TMACOG, etc.

Attends Board of Public Utilities and City Council meetings.

Supervises and manages work of the Civil Engineer, Surveyor, Project Inspectors and Engineering Technicians, and in the absence of the Public Works Director, the work of the Public Works Administrative Secretary.

Other duties as assigned.
