What is the proposed use of the property?

APPLICATION FOR CHANGE IN ZONING CLASSIFICATION
CITY OF BOWLING GREEN PLANNING COMMISSION

Rationale for the change in zoning classification:

One 2' x 4' sign must be posted for every 600' of frontage at the same time as the application is submitted. There must be at least 1 sign for each public street the property is located on and must be legible from the public right-of-way. The sign(s) must include the applicant's name, address, phone number, and the current & proposed zoning districts. The sign must state that the information concerning the request is on file at the Planning Commission's public office and is available for inspection during normal business hours. The sign(s) must remain in place at least but no longer than 40 days after the final action on the legislation.

I give permission for the Planning Commission, City Council, and City Staff to enter the property for purposes of viewing the property, excluding all buildings.

Signature of property owners, agents, and tenants if applicable.
