WATER BOIL ADVISORY

CITY OF BOWLING GREEN
WATER DISTRIBUTION DIVISION
324 North Maple Street
419-354-6277

WHAT HAPPENED?

A Water Boil Advisory has been issued for your area. The water service was (or will be) temporarily interrupted on ___/___/_____. As a result, the water pressure in the distribution system fell (or will fall) below acceptable levels.

WHAT IS BEING DONE?

The Water Distribution Division will make repairs to restore your water service as soon as possible. After repairs, the water system will be flushed, samples will be taken, and bacteriological testing will be performed to ensure all drinking water standards are met.

WHEN WILL THE BOIL ADVISORY END?

The Water Boil Advisory will be in effect until 12:00pm (3) three days after the date above. You will be notified if the Boil Advisory is extended beyond this time. The Boil Advisory may end earlier, but not until testing is complete. Notifications will be posted on the City web page below.

HOW CAN I GET UPDATES?

Call 419-354-6277 (M-F, 7:00am-3:30pm)
Check our website at www.bgohio.org

See reverse side for more information.

WHAT SHOULD I DO?

Bring all tap water to a rolling boil for at least 1 minute. Make sure to let the water cool before using, boiled water can be stored in the refrigerator for later use. Boiled tap water should be used for drinking, making ice, brushing teeth, and food preparation until the Water Boil Advisory has ended. Boiling the water will kill any disease carrying bacteria and other organisms that may be present in the water.

You can also use bottled water during the Water Boil Advisory.

For more information or updates, please call the Bowling Green Water Distribution Division (419-354-6277) during regular business hours (M-F, 7:00am–3:30pm). After hours, please call the Bowling Green Police Division (419-352-1131). You can also check our website at www.bgohio.org.
