

**Wooster Green Marketing and Publicity Committee**  
**Summary of Responses to the**  
**Wooster Green Design Options Community Feedback Survey**

The formal presentation of two design options for the Wooster Green project was conducted at the Wood County Public Library on July 19. The drawings and information from that presentation remained on display at the library through Wednesday, July 26 along with a Community Feedback survey. During that same period, the drawings and feedback survey were made available on-line through the City of BG's website. Below is a summary of the responses to that survey. All comments from respondents will be available through the same link on the City's website. Special thanks to Janet Womack, Deb Weiser and Amy Karlovec for their work on this project.

<b><u>Total Responses</u></b>	<b><u>272</u></b>	Preference for <u>Option #1</u>	97 (35.7%)
On-line	150	Preference for <u>Option #2</u>	143 (52.6%)
Library surveys	122	No preference/Neither	32 (11.8%)

**Summary of Responses for/against Option #1**

**Pros**

Liked the design (no specifics)	37
Liked walkways	44
Symmetry	30
Liked location of gazebo	26
Open space	20
Liked sculpture location	7

**Cons**

Overly formal	40
Too many sidewalks	25
Dislike/boring design	24
Disliked location of gazebo	15
Not enough open space	11
Disliked sculpture location	9

**Summary of Responses for/against Option #2**

**Pros**

Pleasing design (no specifics)	45
Relaxed/organic	35
Curved walkways	51
More green space	32
Location of gazebo	19

**Cons**

Overall design (no specifics)	34
Walkway design	20
Lack of walkways	23
Gazebo and sculpture too close	7
Location of gazebo	10

**Non-Option Specific Comments**

Need restrooms	16	Fountain rather than sculpture	5
Need water fountains	11	Eliminate the brick entrance	4
More trees	15	Flowers/gardens	5
More benches	7	Eliminate the sculpture	3
Provide for parking	10	Bad Idea altogether	9
