

Instructions for using Bowling Green's city tree inventory

Main Page on the left of the main page there is a list of tools that can be used to get information from the inventory. On the right are a + and – sign that can be used to zoom in and out

Address Search

From the main toolbar on the left side of the page click the  icon to select for a specific address.

Click on the Site button. Enter in the number location of the address underneath the Address heading. If looking for a range of locations on a street, enter the lower value in the top blank and the larger value in the bottom blank. Type and select the street under the Street heading.
