Bowling Green Training & Community Center to Close March 16 – March 31

The Bowling Green Training & Community Center will be closed March 16 through March 31 in response to COVID-19. The situation will be reassessed on March 31.

During the building closure staff will be able to do a thorough and deep clean of the entire facility, ensuring that everything is sanitized prior to re opening the facility. Parks and Recreation business may still be conducted online or via phone. Pass holders will be credited for this disruption once the full extent of this fluid situation is known.

During this period of precautionary social distancing, The Great Outdoors remains open. There are almost 400 acres of parkland in the City; a park within 1.5 miles of every resident. Bowling Green Parks and Recreation encourages individuals to explore the parks, get some fresh air, and enjoy the sights and sounds of the natural world.
