

**LEGAL NOTICE TO BE PUBLISHED:
November 1, 2020**

**REGULATIONS ESTABLISHING POLICIES AND PROCEDURES FOR
PARKING RESTRICTIONS DURING SNOW EMERGENCIES**

SECTION 1. PURPOSE

A. The purposes of this regulation are to:

1. Protect the welfare and safety of the general public by eliminating or minimizing the dangerous effects of snow, ice, or sleet accumulation on City streets and other public ways;
2. Minimize traffic congestion caused by the accumulation of snow, ice, or sleet on City streets, and facilitate the movement of vehicular traffic when snow, ice, or sleet conditions develop or appear likely to develop;
3. Provide for the rapid clearing of City streets and other public ways during conditions of snow, ice, or sleet accumulation, and to ensure the unimpeded operation of snow removal equipment and emergency vehicles along City streets or other public ways during snow, ice, or sleet conditions;
4. Prohibit motor vehicles from standing or parking or remaining parked or standing on certain City streets and other public ways during weather conditions in which snow, ice, or sleet may accumulate or have accumulated.

SECTION 2. AUTHORITY

A. This regulation is prepared, published, and enforced under the authority contained in Section 30.71 of the City's Codified Ordinances.

SECTION 3. APPLICABILITY

- A. This regulation applies to all owners and operators of motor vehicles within the corporation limits of the City of Bowling Green, Ohio.

SECTION 4. POLICY AND PROCEDURE

- A. When in the judgment of the Mayor, Safety Director, or their duly appointed designee, hazardous conditions caused by the accumulation or potential accumulation of snow, ice, or sleet on City roads or other public ways have developed or appear likely to develop, the Mayor, the Safety Director, or their duly appointed designee may at their discretion declare a snow emergency.
- B. Whenever a snow emergency is declared, the Mayor, Safety Director, or their duly appointed designee shall, as soon as possible thereafter, furnish a copy of such declaration to the local news media and the police duty dispatcher.
- C. A snow emergency shall become automatic without a formal declaration of such emergency whenever the accumulation reaches a depth of two inches and prospects exist for additional accumulation.
- D. A snow emergency shall continue until a termination announcement is made by the Mayor, Safety Director, or their duly appointed designee. A termination announcement may include any, some, or all of the streets or other public ways, or segments thereof, identified in the original declaration or automatically included under Paragraph 5A of this regulation.
- E. The streets, public ways, or segments thereof identified in Paragraph 5A below are hereby designated as snow streets. After a snow emergency has been formally declared or has automatically developed under the provisions of Paragraph 4C above, no person shall, during the period of and upon expiration of the grace periods set forth in Paragraphs 4G and 4H below, park or cause or permit to remain parked or standing any motor vehicle on any snow street.
- F. If street or weather conditions warrant, in the judgment of the Mayor, Safety Director, or their duly appointed designee, snow streets in addition to those identified in Paragraph 5A below may be designated in the formal declaration of emergency. Under such conditions, every attempt shall be made to post temporary "no parking" or "snow street" signs.

2017-2018 REGULATIONS - SNOW STREET EMERGENCY

- G. If a snow emergency is formally declared or automatically becomes effective between the hours of 7:00 a.m. and 9:00 p.m., the owner or operator of any motor vehicle parked on any snow street shall remove such vehicle within two (2) hours following the effective time of the emergency. The effective time of a snow emergency shall be stated in the formal declaration, or, if a snow emergency becomes automatically effective under Paragraph 4C above, the effective time will be transmitted by the Mayor, Safety Director, or their duly appointed designee to the news media and the police duty dispatcher.**
- H. If a snow emergency is formally declared or automatically becomes effective between the hours of 9:00 p.m. and 7:00 a.m., the owner or operator of any motor vehicle parked on any snow street must remove same by 9:00 a.m. following.**
- I. Although the City of Bowling Green will make every effort to inform the public of the existence or probable development of weather conditions requiring removal of parked or standing motor vehicles from snow streets, the owners or operators of motor vehicles shall have full responsibility to determine probable or existing weather conditions and to remove parked or standing motor vehicles as required by this regulation.**
- J. Nothing in this regulation shall permit any vehicle to stand or be parked in violation of any other standing or parking restriction previously or subsequently established by ordinance or erection of signs.**
- K. Any motor vehicle found standing or parked on a snow street during a snow emergency shall, after elapse of time stipulated in Paragraphs 4G and 4H above, be in violation of this regulation, and the Mayor, Safety Director, Public Works Director, and their duly appointed designees, or any uniformed officer of the City Police Division, are empowered to forthwith remove or cause to be removed such vehicle for impoundment. Any costs incurred in such impoundment shall be paid by the owner or operator of such vehicle directly to the person, firm, or governmental unit towing and/or storing such vehicle, such costs to be in addition to any fines or penalties which may be imposed upon the owner or operator of such vehicle under Section 70.33 of the City's Codified Ordinances.**
- L. Records pertaining to the impoundment of any vehicles under this regulation shall be maintained by the City Police Division. Such records shall include, but are not necessarily limited to, the date and time of impoundment, location**

removed from, description and license number of vehicle, towing agency, and location removed to. No vehicle impounded under this regulation shall be released until the owner or operator has made satisfactory arrangements with the appropriate parties concerned.

SECTION 5. DESIGNATED SNOW STREETS
